

Ecotech Pvt. Ltd.

COMPANY PROFILE

Developers & Manufacturers Of
Organic Waste Converters and Solutions

■ About Company

Solwearth Ecotech Private Limited is one of the largest manufacturers of organic waste converters based in India with manufacturing facilities in Bengaluru. Established in 2014 Solwearth has marked a strong presence in all parts of India, Kingdom of Saudi Arabia, Maldives, Malaysia, UAE, Oman, Kuwait, Bahrain, and other locations of GCC with sales and technical teams to support the installations. Solwearth is backed by the strength of highly qualified technocrats and a team of committed support staff. Solwearth is focused on high-quality manufacturing by setting international standards for the entire range of products. With continued research and development and manufacturing techniques, Solwearth assures to deliver the best sustainable solutions for food waste handling.

■ Our Vision And Mission

Solving waste management problems through innovative technologies, we are committed to creating sustainable solutions that significantly reduce environmental impact, paving the way for a cleaner greener future.

■ Our Specializations

Complete and simple solution for Food / Organic waste disposal.

Offering comprehensive waste management solutions by tying up with other companies specialized in conventional processes to suit the requirement of large Public Sector undertakings and Corporates.

■ Our Philosophy

Preservation of the Eco-System. Manufacturing innovative Waste Disposal Equipment that is simple to operate, easy to maintain and of international quality, combined with cost-effectiveness.

Effective use of output from the Machine is also our major focus. Ultimate customer satisfaction by ensuring prompt after sales service is our commitment to customers who invested their trust in us.

Continuous R & D to upgrade our Machines keeping pace with technological advancement worldwide.
